To: All Students
From: Academic Dean
Date: 23 June 2025

Subject: Second and Final Opportunity for Supplementary Assessments and Examinations

Dear Students,

We have received numerous appeals from students who did not qualify to sit for the upcoming examinations due to insufficient Continuous Assessment (CA) marks.

As a caring and understanding institution, Goldstone has resolved to offer a second and final opportunity to all students who did not qualify to sit for their examination. If you wish to complete your studies, you are required to contact your lecturers as soon as possible to identify any missed assessments and request supplementary assessments.

Furthermore, if you are struggling with any topic, it is your responsibility to seek assistance from your lecturers. This support will help you complete the required assessments and also to adequately prepare for the upcoming supplementary examination.

Please take note of the following important points:

- Supplementary assessment results will be released together with the regular examination results on 10 July 2025.
- Students who qualify after completing their supplementary assessments will proceed to enrol for the supplementary examination scheduled for 14 July 2025.
- A fee of N\$600.00 will be charged for the supplementary examination.

We urge all affected students to take this opportunity seriously and act promptly.
